LAST CHANCE TO SAVE!

Tuesday, July 31st is the last day you can purchase CMS upgrades, workstation licenses or modules at the old prices!

If you've been thinking about adding workstations, modules or upgrading to the next level of performance with CMS, now is the time to do it. We announced new pricing last month and extended the opportunity for our supported customers to take advantage of the old pricing - but that "window of opportunity" is closing July 31st.

By acting before the deadline, you can save from hundreds to thousands of dollars when upgrading CMS - and we've made the deal even sweeter by waiving all support charges on any upgrades or enhancements you purchase through the end of the year!

Save BIG on:

- * CMS Workstation Licenses (SAVE up to \$394.50!)
- * CMS Purchasing Module (SAVE up to \$724.50!)
- * eCMS Server Module (SAVE up to \$724.50!)
- * Payment Gateway Module (SAVE up to \$174.50)
- * Plus, save even more when you upgrade from Solo or Standard!

Remember, Gold and Platinum Support Plan customers save even more!

For more information about this special offer, select [*this link*](#) - but remember, the opportunity to save absolutely ends Tuesday July 31st at 6 PM PDT!
